

ILLAWARRA ACADEMY OF SPORT POLICY REGISTER

POLICY TITLE:	Anti-Doping Policy
FILE REFERENCE NUMBER:	S 11
REVIEW DATE:	September 2021
DATE OF BOARD MEETING ADOPTED:	September 2021

RATIONALE

Sports Integrity Australia (SIA) is an Australian Government organisation established in 2020 and incorporates Anti-Doping Policy and procedure within its framework.

National Sporting Organisations (NSOs) that receive Sport Australia (government) funding must adopt the Australian National Anti-Doping Policy 1 January 2021. NSOs must fulfil their anti-doping responsibilities, in particular:

- Maintain and distribute an anti-doping policy that is compliant with the Code
- Provide up to date and accurate athlete whereabouts information to SIA
- Facilitate timely and defensible hearings in relation to alleged doping infractions
- Educate athletes, coaches, officials, administrators and medical personnel about their anti-doping policy.

The Illawarra Academy of Sport (The Academy), as a multi-sports organisation, has athletes that are governed by their respective NSO's anti-doping policies. It is therefore not necessary for The Academy to develop its own detailed anti-doping policy.

POLICY

1. The Academy adopts in its entirety, the anti-doping policy of each NSO for which The Academy runs a sports development program or has Athletes under Scholarship.
2. The Academy athletes, coaches and administrators must acknowledge that they are bound by the anti-doping policy as set by their NSO and must take responsibility for familiarising themselves with the policy and related guidelines.
3. The Academy will assist, when possible, with the education of athletes, coaches, officials, administrators and medical personnel about sports anti-doping matters.

Doping Breach

1. Breaches shall be dealt with initially by the relevant NSO, in accordance with their anti-doping policy.
2. The Academy will abide by the decision of the relevant NSO in their dealings with any breach.

3. The Academy will adopt and abide by the Australian National Anti-Doping Policy 1 January 2021
